To make payment for an outstanding charge on student’s claim, A-G must receive the following three pieces of information to be considered a valid claim.

IMPORTANT DEFINITIONS AND KEY TERMS

Medical Bills (industry standard forms HCFA1500 or UB04)

• Attach itemized copies of all applicable bills, including those bills under any deductible your plan may have. Also, include those bills paid partially or in full by other insurance. Bills showing only "Balance forward" or "Balance due" are not sufficient.

• An itemized bill indicates the provider of service's full name and mailing address, type of service, date of service, fee charged and diagnosis. Missing information will be requested from the medical service provider.

• To assure quick processing, please be sure that the bill and the insurance statements submitted are for the same item.

• Copies of any correspondence can/will be sent to those you identify as responsible.

• If any or all benefits are denied by other insurance, please provide a copy of the denial showing the reason charges were denied (Include front and back of explanation of benefits when necessary).

Explanation of Benefits (EOB) from the student’s primary insurance, if applicable

What is an EOB?
EOB stands for Explanation of Benefits. This is a document produced by your medical insurance carrier that explains their response and action (whether it be payment, denial, or pending) to a medical claim processed on your behalf. Often, this item is requested if we are processing a claim for you and you have any other insurance. EOBs are necessary to properly adjudicate excess insurance benefits.

What is a HCFA, UB04?
A HCFA is a specific medical billing form that is utilized by physician and outpatient offices to bill medical charges to insurance carriers or Third Party Claim Administrators. A UB04 is also a specific billing form; however, they are utilized exclusively by hospitals and outpatient surgical facilities.
