What is an EOB?
EOB stands for Explanation of Benefits. This is a document produced by your medical insurance carrier that explains their response and action (whether it be payment, denial, or pending) to a medical claim processed on your behalf. Often, this item is requested if we are processing a claim for you and you have any other insurance. EOBs are necessary to properly adjudicate excess insurance benefits.

What is a HCFA, UB04?
An HCFA is a specific medical billing form that is utilized by physician and outpatient offices to bill medical charges to insurance carriers or Third Party Claim Administrators. A UB04 is also a specific billing form; however, they are utilized exclusively by hospitals and outpatient surgical facilities.
